ROBUST YET REFINED

STEELIT® is synonymous with perfect finish resulting from exceptional attention to detail and outstanding execution, thus meeting the highest requirements and standards. Each individual STEELIT® internal door is made with passion and craftsmanship, according to best work practices and based on years of experience with steel, whatever the style.

TRUE CRAFTSMANSHIP

At every stage in the development of our STEELIT® doors, we considered what really matters: a high-quality finish that will last for years to come.

And at STEELIT® we truly want to go that extra mile. We produce our doors exclusively on the basis of our extensive range of standard dimensions. This concept allows us to keep the price of our steel internal doors firmly down.

WHY OPT FOR STEELIT® DOORS?

Quality finishing

Frame insert with
mounting brackets

Swing to
left
or right

Choice of 3
quality door
handles

Rigorous silicone finish

Double layer
laminated
safety glass

Low-maintenance textured coating

Welded hinges

Locking points above and below

HOW DO I CALCULATE MY DOOR OPENING?

The secret behind every STEELIT® DOOR lies in the perfect fit between door and wall. The frame insert is fitted with mounting brackets to ensure that it can be firmly and robustly secured to the wall while providing a seamless finish.

<i>Net width door</i>	Minimum width of unfinished door opening	<i>Net height door</i>	Minimum height of unfinished door opening

HOW DO I CALCULATE MY DOOR OPENING?

The secret behind every STEELIT® DOOR lies in the perfect fit between door and wall. A larger door opening is needed to secure the 2-fold frame insert to the wall. The STEELIT® frame makes sure the door is mounted firmly and robustly to the wall, with a seamless finish after plastering.

<i>Net width door</i>	Minimum width of unfinished door opening	<i>Net height door</i>	Minimum height of unfinished door opening

MODULAIR DOOR COLLECTION

The STEELIT® range has been carefully expanded with a collection of side and top windows in standard dimensions. This provides us with endless possibilities to combine these windows with our standard STEELIT® MODULAIR DOOR or STEELIT® MODULAIR DOOR DUO. As a result, we offer solutions for wider or higher door openings, without compromising on our competitive prices compared to custom-made solutions.
